Early Saturday morning as a Westward bound freight train was pessing near North Mountain Run, on the Baltimore & Obio railroad, a few miles west of Mar tinsburg, the locomotive struck a cov which was on the track, killing her instantly. The shock uncoupled the engine from the tender, and before the lever could be reversed it jumped the track, and running on to a bridge over Sleep? Creek at that point, plunged into the gully, seventy-five feet below, carrying with it the engineer, Joshua Smith, and Henry Link, the fireman. Link was instantly killed, while Smith had one of his legs broken, was badly bruised otherwise, and it is feared sustained internal injuries which may result latally. The locomotive, which was totally destroyed, toppled over the bridge just in time to allow the train to pass in safety, and it continued down the grade for a distance of over three miles before the train hands were able to stop it by the application of the which was on the track, killing her in-

THE SANGUATING TO \$839,000.

The total liabilities of the Company are \$839,000; nominal assets \$890,000; notes bayable as above stated, \$628,000. It also appeared that Mr. Tappan, to make good losses to the Company, the responsibility for which rests with him, had handed over to the creditors his entire property, of the nominal value of \$1,100,000. In consequence of the condition of affairs the Company has suspended. James P. Melledge, William P. Hunt, President of the Atlas National Bank, and George A. Alden have been appointed to make a thorough investigation of the condition of the corporation and the irregularities of the late treasurer.

The following is an abstract of the interest of the condition of the Company from the annual return of the corporation filed in the office of the Secretary of the Commonwealth February 19. The officers were Henry F. Durant, President; John G. Tappan, Treasurer, and there were two other gentlemen with Josiah Tappan and cebts receivable, \$267,290c, manniactured material and stock in process, \$399,876; miscellaneous, 127,508.
